

**(U) What's Ahead for SIGINT and NSA? You Tell Us!**

FROM: [REDACTED]  
Chief, Trends Analysis Division (S3TSD1)  
Run Date: 06/03/2005

(U) SIGINT Development's Target Technology Trends Center (T3C) has released its **annual survey**. This year's survey is brief, easy to complete, and open to all. T3C wants to hear your thoughts and garner your insight!

(S//SI) What key SIGINT challenges do you see in the future? What technologies will SID have to exploit 3-5 years from now? Are there unique problems for your target in the years ahead? What questions do you feel need to be asked? What are we missing?

(U//FOUO) For a small investment of your time today, you can make a difference on how the Signals Intelligence Directorate invests its people, budget, and resources tomorrow!

(U) Here is the link to the survey:
